

Memorandum

TO: External & Internal Customers

FROM: Michelle Blake, Business Development Manager, LabPLUS

DATE: 14 November 2019

SUBJECT: Intention to change testing platform for Vitamin D

Dear Customer(s),

On behalf of Department of Automation and Laboratory Support Services (ALSS) – Automation at Labplus, we would like to inform you that LabPLUS is currently evaluating performing the Vitamin D assay on the Liaison which would replace the Roche Cobas e601, we anticipate that we would go live with Vitamin D on the Liaison on the 13th December 2019.

Should you wish to provide samples to be included in the correlation studies please contact the Section Leader below via email before the above date to arrange inclusion in the evaluation process.
